fourth FIFA World Player of the Year award. FIFA's Rolex World Football Awards will take place on Thursday, May 29, in Zurich, Switzerland and will be broadcast live in more than 225 countries by stars of the media. Each year, we're showcasing the best in the world as stars of the media play a major role in the decision-making process, directly presenting them to the media. On May 29, the digital platforms FIFA.com and FIFA.com INTERACTIVE, as

well as all media covering the event will recognize and honor this year's winners. Over the past ten years, the FIFA World Player of the Year Award has been presented to players that have excelled on the pitch, a fact that has proven their star quality is also reflected off of it in both their professional and private lives. FIFA World Football Day – an initiative adopted by the Confederation - encourages all football fans, players, clubs,

associations, leagues and governing bodies to share the passion for the beautiful game. FIFA World Football Day is celebrated annually on May 29. Each year, millions of fans enjoy the game and show their support to a player of the month. In 2015, 11 million fans took part in a football event; in 2016, a record-breaking 15 million, a number that has doubled each year since 2015. In the same way, millions of football clubs are celebrating

the day, standing side by side with the FIFA World Football Cup™ banner, and turning their stadiums into the heart of the action. The celebration continues as each year more than 700,000 fans from around the world take to the streets to celebrate the game. On May 29, we recognized eight stars who were chosen on the basis of their performances throughout the season and their commitment to the game. Each year, FIFA introduces a new

competition to determine the most outstanding footballer in the world. Only players born on or after Jan. 1, 1993 who are registered in the official player registers of national associations and FIFA are eligible to win the award. In 2015, the FIFA Player of the Year 3e33713323
